The 1936 and 1940 original work done by Mrs Lydia & Miss Estelle Seubert of Chapman, Kansas.

The 1940 to 1963 revisions were furnished by Mrs. Fern Mellinger, of Milford, Kansas.

The 1974 up-date of child No. 10, Adolph Gfeller, was compiled by Mrs. Mary Bell Glick (Frank) and loaned by Mrs. Norma Mailen. They were celebrating the 100th anniversary of Adolph and Menga Bernhardt's marriage and coming to Kansas.

The up-dates and revisions from 1963 to 1978 were done by Mrs. Frank W. Gfeller (Patsy). All deaths from 1952 from Gfeller reunion memorials were looked up and recorded by Mrs. Gfeller also. She wishes to thank everyone who so willingly supplied information. A special thanks to Mrs. Louise Auld Babst on child No. 13, P. H. Gfeller. All the typing and gathering of data, as well as compiling of data into booklet form was done by Mrs. Gfeller, as an act of love for this dear old family. Mrs. Gfeller wishes to dedicate her contribution in memory of her father-in-law, Mr. Frank John Gfeller, 12th child of No. 8, Gottlieb Gfeller

Wanda Jo Hinds (now Taylor) of Valley Center (now Sedgwick), has access to a copy machine and is donating her services to make copies of the booklet for the cost of the paper, plus the mailing charges. She wishes to dedicate her contribution in memory of her grandfather, A. C. Gfeller, 2nd child of No. 7, Gottfried Gfeller.

NOTES TO ALL CONCERNED

The previous page was taken from the original by Patsy Gfeller.

I am working on this Family Tree, now and then, because Patsy currently has pressing family matters that need her attention. Patsy (Mrs Frank) Gfeller is still gathering Gfeller information and forwarding to me. She certainly has been very loyal to the Gfeller family.

Two cousinry charts are included with this Gfeller tree information. I find it interesting to figure how I'm related to various cousins. Hope you do to.

I have arranged for a copy of this tree be given to the Geary County Historical Society in Junction City. It would then be available to anyone seeking information.

Rosemary Gfeller and Marjorie (Mrs Don) Gfeller have recently up-dated the Robert Gfeller family pages. Mary Belle Glick has up-dated the Adolph Gfeller pages.

I have made no attempt to up-date grandchildren and great grandchildren charts. Would someone care to take on that task?

Work on this project has been my contribution to the Gfeller family. I am puzzled by lack of response to letters requesting family information, even with enclosures of SASE's. Are traces of families going to be allowed to vanish?

Please send up-dates and current birth, marriage and death dates. Copies of clippings would be appreciated. Corrections are also welcome. If sending information please tell me where folks live, address also, if you have such knowlege. Reference to the page number would be welcome.

A volunteer(s) to continue working at updating the family tree would be very welcome. Perhaps someone living in the vicinity of the concentration of Gfellers, such as Junction City, Chapman or Abilene.

I would be pleased to provide copies of the tree, at cost of printing and mailing.

Please send names and address of people you think might be able to furnish up-dates.

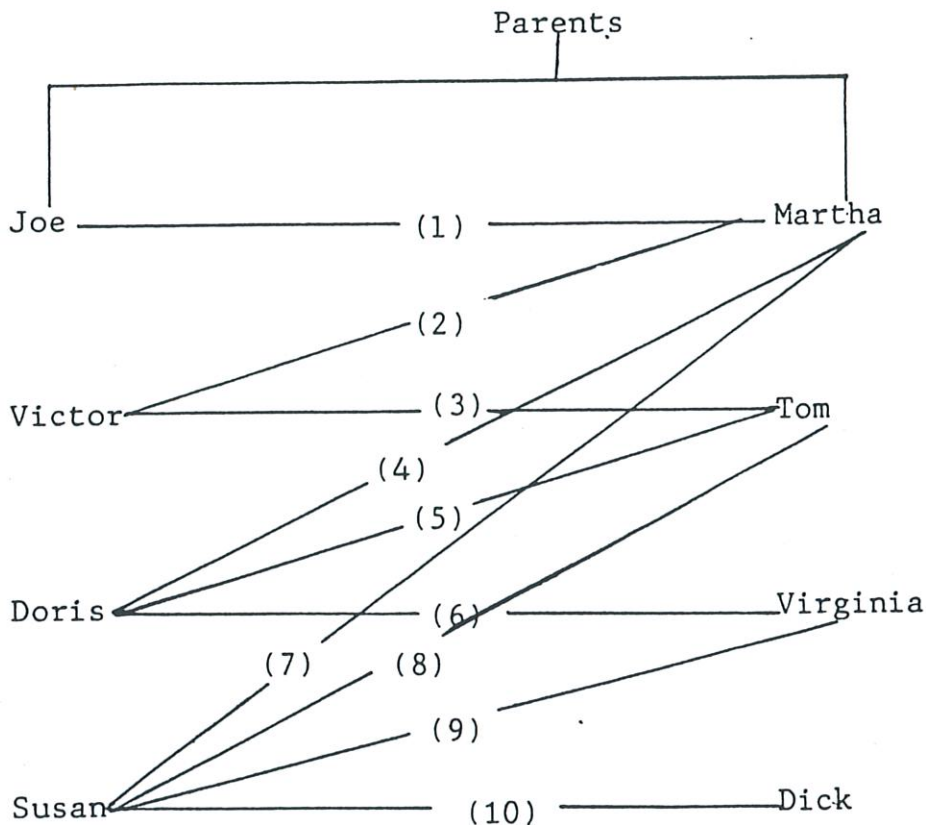

Thanks from your cousin,

Warren Gfeller

To those persons purchasing a copy of the TREE I will mail copies of page changes, if they give me their address.

THE HOW BOOK FOR GENEALOGISTS

As additional aids to understanding terms used in relationship descriptions we give the following:

- The parents of your father or mother are your grandfather and grandmother and you are a grandson to them. (GS)
- The parents of your grandfather or grandmother are your great grandparents and you are a great grandson to them. (GGS)
- The parents of your great grandmother or great grandfather are your second great grandparents and you are a second great grandson to them, etc. (GGGS)
- The children of your brothers and sisters are your nephews and nieces (N) and you are uncle or aunt to them.
- The children of your nieces and nephews are your grandnieces or grandnephews (GN) and you are granduncle to them.
- The children of your grandnephews and grandnieces are your great grandnephews or great grandnieces (GGN) and you are great granduncle to them.
- Your father's brother or sister is your uncle or aunt and you are a nephew or niece to them. (N)
- The children of your uncle or aunt are your first cousins and you are also their first cousin. (1C)
- The children of your first cousins are first cousins once removed to you and you are the same to them. (1C 1R)
- The son of your third great grandfather is your second great granduncle and you are a second great grandnephew or niece to him.
- The children of your second cousins are your second cousins once removed and you are the same to them.
- The grandchildren of your second cousins are your second cousins twice removed and you are the same to them.
- The great grandchildren of your second cousins are your second cousins three removed and you are the same to them.
- The second great grandchildren of your second cousins are your second cousins four times removed and you are the same to them.
- A simple formula for figuring cousin relationships by the above method is this: Call the common ancestor "O" and count down to the subject; subtract one from the smaller of the two figures - this is the cousin relationship. Then subtract the smaller number from the larger and this gives you the times removed. Example: one subject is seven steps down from the common ancestor, the other is four steps down - one from four is three, so the cousinship is third cousins, and four from seven is three (three times removed) making them third cousins three times removed (3C 3R).

Another example; Subject No. 1 is 9 steps down from the common ancestor. Subject No. 2 is 6 steps down from the common ancestor. 6 - 1 = 5th cousin. 9 - 6 = 3 times removed. So they are fifth cousins three times removed. (5C 3R).

Of course, if the steps down from the common ancestor are the same you simply subtract 1 from that number and it gives you their cousinship and there are no times removed to be figured. Remember also that the common ancestor is never counted when figuring the steps down to the subject, just as it appears on the chart.

Answers to problems on reverse side: 1) 5C 3R; 2) 5C 2R; 3) 7C 1R; 4) half 1C 1R; 5) step sisters; 6) 3C 1R; 7) 8GGN-i; 8) 4GGS.

RELATIONSHIPS

There are at least two accepted ways of figuring relationships. One is called the Common or Canon Law method, and the other the Civil Law method. Both agree when figuring the direct or lineal descent. They differ only in figuring the collateral relationships. As the Common or Canon Law method is now in general use and gives a more accurate description of "cousin relationship," we will not consider the Civil Law method, but present for your use a chart, especially prepared for this publication, which shows (according to the Common or Canon Law), the relationship of descendants to a progenitor to the tenth generation. Also the relationship between his descendants, in any combination of degrees from him, down to and including the tenth generation.

How to use relationship chart

You will note that the two upper columns are outlined in heavy lines. These are the common progenitor and his descendants. "CP" stands for common progenitor, the one who is the head of the two lines of descendants. "S" is his son or daughter as the case may be; "GS" his grandson or granddaughter; "GGS" his great grandson or granddaughter; "2GGS" his second great grandson or granddaughter, and so on down to his eighth great grandson or granddaughter.

All the diamonds inside these heavy lines show the relationship between his descendants. By following columns "1" from both sides of the chart we find they cross on the "B" diamond, showing that the sons of the common progenitor are brothers. By following columns "2" to the center we find they cross at the "1C" diamond, indicating that grandsons of the common progenitor are first cousins to each other. And so on down: his great grandsons are second cousins; his second great grandsons are third cousins; his third great grandsons are fourth cousins, etc.

To this point few people have trouble in figuring relationships. It is when they start to figure the "cousinship" and "times removed" that they have difficulty. But with this chart you will find no trouble with any combination up to the tenth generation, and by following the pattern set by this chart you can go as many generations as you desire. Say you want to figure your relationship to a distant cousin. You are eight generations removed from the common progenitor, or his sixth great grandson. Your "distant cousin" is six generations removed or his fourth great grandson on another line. To figure your exact relationship simply follow columns "8" on the one side and "6" on the other to where they cross and you find "5C 2R" indicating you are fifth cousins twice removed.

If you want to find your relationship to the son of your fifth great grandfather, follow columns "11" and "7" which show you are his fourth great grandnephew (4 GGN). Likewise, you are a first cousin six times removed (1C 6R) to the grandson of your sixth great grandfather.

This method of figuring relationships is in general use by most courts of the country and was recently adopted for use of the patrons of the Genealogical Society of the Church of Jesus Christ of Latter-day Saints.

HISTORY

Peter Gfeller was born in Landeswiel Biglen, St. Bern, Switzerland, April 6, 1809. His parents were Ulrich Gfeller and Verena Fisher Gfeller. He had three brothers: John, Ulrich, and Christian, of whom only Christian married: and three sisters: Christina, Barbara, and Elizabeth, all of whom married. It was later learned descendants of John (Johann) live in Nebraska, so he must have married. Peter's lineage can be traced back well over 650 years. Burchard Geveller was living on his own farm back in 1301, three miles south of Walkringen, the same place Peter many years later taught school. The name means a slope of hillside, and in ancient times the spelling was "Gevelle". The name also means "lucky man". Peter Gfeller was an excellent school teacher, over twenty-six years in Landeswiel and Walkringen. He was also a piano tuner and had great musical ability, he could play several stringed instruments.

Anna Maria Moser was born in Biglen, St. Bern, Switzerland, March 25, 1819. She was a daughter of Johannes Moser and Anna Luganbuhl, another spelling is Lugebuchel. Anna Maria had two brothers, both named Johannes, the first one died October 16, 1816, just short of two months old. Her other brother, Johannes Moser died in 1852. It is not known whether he married or not. Her father, Johannes Moser died April 13, 1840 and her mother, Anna died September 29, 1842. Anna Maria's lineage can be traced back as far as Nicklaus Moser, born 1538 and Magdalena Rufenacht, his wife. Nicklaus was a son of a Mr. Moser born around 1510, all from Biglen, St. Bern, Switzerland. The Moser's were a very affluent family.

Peter and Anna Maria were married October 16, 1835. On March 26, 1853, Peter Gfeller and his wife left Switzerland with eleven children and came by sailing ship named "The Roger Stewart" to America. Two other children died in infancy in Switzerland. After a stormy journey of six weeks crossing the ocean, they reached the United States and engaged in farming in Dunkels Grove, Illinois, which is now in the heart of Chicago. Later they moved to Polk City, Iowa, and from there to Alida, Kansas in 1875. Five more children were born in Iowa, two of whom died in infancy. Fourteen of the eighteen children grew to maturity, married and reared families.

Peter Gfeller and his wife were members of St. John's Evangelical Church from the time it was built in 1881 until their death. Peter died August 27, 1893, and Anna Maria died October 26, 1912. They were both interred in St. John's Cemetary. Alida is no more, Milford Lake having taken it in 1963, with losing so many people from the vicinity, St. John's (now U.C.C.) and Alida United Methodist formed a Cocperative Parish, and they attend church $\frac{1}{2}$ mile west of St. John's Cemetary. The old St. John's Church has now been torn down because it was too expensive to keep up the repairs, and vandalism was occuring.

Elizabeth Gfeller Lehman was born in 1836, the first child of Peter and Anna Maria Gfeller. In 1853 she accompanied her parents and brothers and sisters to the United States of America aboard the ship named "The Roger Stewart". She married the Reverend Peter Lehman, and they were the parents of 5 children, all of whom have passed away. Not too much is remembered about this family, except child one, Robert Lehman, who married Mary Keller Lehman, and when she died he later married Lena Altwegg Lehman. They had only one child, Lillie Lehman Racherbaumer, who married Fred Racherbaumer. Lillie passed away in 1939 while still a young woman. Mrs. Lehman, (Lena) owned a farm two miles west of the Geary-Dickinson County line, and two miles north, in Fragrant Hill Township, Section 28-11-4. Mrs. Lehman passed away in 1962. There must be some more family around, but have lost track of them. Information is being passed on to you as we have it.

 So many lands that I shall never see,

Anna Maria Manz was the fourth child of Peter and Anna Maria Moser Gfeller. She was born in 1841 in Bern, Switzerland, and came to America by ship in 1853 with her parents and brothers and sisters. she grew to womanhood in Iowa. The family moved to Kansas. She married Friedrich Manz and they were the parents of 11 children. They had a farm most of us remember as the Al Manz farm, which is now in the Rolling Hills area of Milford Lake.

ANCESTORS

If you could see your ancestors

All standing in a row

There might be some among them

Whom you wouldn't care to know.

But let's reverse the positions

Which require a different view.

If you and they could see each other

Would they be proud of you?

(End of No. 4 Anna Maria Gfeller Manz)

Rosa (Rosina) Gfeller was born in 1842 in Bern, Switzerland, 5th child of Peter and Anna Maria Gfeller. She came to America with her parents and 10 brothers and sisters aboard the American ship Roger Stewart, in the year 1853. She grew up in Iowa and married Peter Neuenschwander. They were the parents of eleven children. The Gfeller Family Tree has pretty well lost track of the Neuenschwanders through the years. Child No. 6, Edward S. Neuenschwander was the last one to report his family, in 1963. Family records were kept on the entire family up until 1940, and a few deaths and marriages and children have been reported since (no year indicated). Am sure they would have quite a branch on the Gfeller Family Tree if we knew more about them. The records as we have them are being passed on with this revision of the Family Tree.

Some families dropped the "en", others the "ch" spelling of last name.

(End of Emilie Gfeller Zieman Fam.)

Gottfried Gfeller was the seventh child of Peter and Anna Maria Mosher Gfeller. He was born in Bern, Switzerland in 1847 and came by ship aboard the "Roger Stewart" to America in 1853 with his parents and brothers and sisters. He grew up in Iowa. Around 1875 he, Gottlieb, Adolph and Robert came to Kansas together. One of his grandchildren said that he had a farm in the south west quarter of 27-11-4, Dickinson County, Fragrant Hill Township, where we all remember as the Herman Gfeller farm, where Clifford now lives. The family didn't want to stay down on the farm. Grandchildren have been in filling station business in Junction City. Some have moved away.

Thanks to all the A. C. Gfeller family for supplying information requested. Thanks also to Nettie Hasselman Elsasser for supplying information about the Hasselman, Stein and Simons families. This has all been a big help. Gottfried married Mina Buche and they had 8 children. The parents of Mina Buche were: Karl August Buche, B 8-12-1821 in Germany and Charlotte Albertina Theresa Greiser B 2-8-1908 in Frankfort, Germany. Karl D 12-13-1877 Charlotte D 2-8-1908

Gottlieb Gfeller was the 8th child of Peter and Anna Maria Gfeller. He was born in Landiswiel, Biglen, St. Bern, Switzerland, and came to America with his parents and other brothers and sisters in 1853. He grew up on the farm in Iowa, married Maria (Mary) Alleman of Alleman, Iowa, in October of 1869. Gottlieb was born March 9, 1848 and died January 27, 1925. Mary was born April 15, 1848 and died January 27, 1928. Their first child Peter was born in Iowa. They were the parents of 13 children. Child No. 13 was the first to die, (Rosa) and child No. 12 was the last to die. They came to Kansas with Friedrich, Godfried and Robert, and had a farm on Geary-Dickinson County line, one and one half miles north of highway No. 18. Their section number was 34-11-4, Fragrant Hill Township, and 35-11-4 Smoky Hill Township. There were 320 acres left in the home place until Miford Lake came in and took another 100 acres in 1963. The farm is the home of a grandson, Frank W. and his family, as his father, Frank J., child No. 12 had bought it from Gottlieb and Mary, the farm is still in estate. They first lived in an old stone one room house when they first came to Kansas, the old was used for a chicken house for a good number of years, but now is about to cave in. As their family grew they built a big white house, and it kept having additions put on it. It was torn down some years ago, after George Gfeller died, he had quit living in it and had moved a small trailer on as the house was no longer in a livable condition. Gottlieb and Mary belonged to St. John's church and Mary was a pillar of the church, and would invite everyone home for Sunday dinner after church. They have the biggest branch on the family tree. Interesting to note that Mary Alleman, Gottlieb's wife and Clara Alleman, No. 12 T. Wilhelm's wife were aunt and niece, making Gottlieb and T. Wilhelm children double relation.

End of Gottlieb Gfeller family

No. 8 Gottlieb Gfeller family

Louisa Gfeller was born in Bern Switzerland, the 9th child of Peter & Anna Maria Moser Gfeller. She came to America in 1853 with her parents, and 10 brothers and sisters. She grew up in Iowa and when grown married Ulrich Fuegy. Fourteen children were born to this union. Their Family was up-dated awhile back, perhaps 1963 and was sent to Mrs. Mellinger. Was unable to contact the family for another up-date, the information is a combination of what was on the 1940 Family Tree and the revision they sent. All the information about this family has been revised into this one copy. Louisa was born in 1849. Louisa & Ulrich came to Kansas when Fred, Godfried, Gottlieb & Robert did, but must have gone elsewhere.

(End of Louisa Gfeller Fuegy & Ulrich Fuegy's Family)

Adolph and Menga Bernhard Gfeller were married in Iowa in 1874 and at once came to Kansas by wagon, homesteading two and one-half miles southwest of Alida. That was the grasshopper year, all their crops were devoured by insect horde and it was an inauspicious beginning for a seventeen year old bride. They raised an unusually fine family and were known for their many kind acts in the vicinity. (Taken from Junction City Union at the time of Mrs. Gfeller's death.)

History of Robert Gfeller

Robert Gfeller was born September 3, 1852 in Walkringen, Switzerland. He was the eleventh child of Peter and Anna Maria Moser Gfeller. At six months of age he came to the United States with his parents and ten older brothers and sisters aboard the sailing vessel, The Roger Stewart. They sailed from Antwerp in March 1853. After a stormy journey of six weeks crossing the Atlantic Ocean in a sailing ship, they reached the U.S.A., landing at the Port of New York in early May 1853. Four months after landing, they traveled inland to Dunkels Grove, Ill. which is now the heart of Chicago where Peter was a landed proprietor. He had acquired a 148 acre farm for \$1500.

Later they moved to Polk City, Iowa. Robert grew up on the farm in Iowa and when land was found in Kansas he accompanied brothers Fred, Gottfried, Adolph and a brother-in-law, Fuegy to look it over. The family moved to Alida, Kansas in 1875 where they homesteaded eleven miles west of Junction City, Kansas. Robert married Lina Keller on March 26, 1878. They had seven children. The family bible lists their names and births as:

Herman Theodore	Dec. 22, 1878
Peter Edwin	April 12, 1880
Frederich Wilhelm	Aug. 16, 1881 (Died)
Hulda Maria	Nov. 6, 1883
Ferdinand Arthur	June 2, 1885
Ralph Robert	Jan. 22, 1890
Alice Louisa	April 15, 1893

Robert and Lina moved to the Burns area about 1900 and engaged in farming seven miles southwest of Burns. This farm was located on the southwest quarter north of First Street Road across from Rosemary's parents farm. Robert was known for his kindness among his neighbors and was a loving father to his children. Robert, Lina and their children were active members of the Ebenezer German Methodist Church. Robert's untimely death occurred July 8, 1911 at the age of 58 years.

Lina continued to live on the farm at rural Burns with the two youngest children, Ralph and Alice. When they married in 1917, Lina stayed with the Fred Frey (Hulda) family and later bought a home and lived in Burns. She was a true grandmother in that she had homemade goodies for everyone which included her homemade version of soda pop. She entertained for hours with her stories which included many Swiss superstitions.

In 1926 the Frey family moved to Wathena, Kansas and she moved with them. Her youngest daughter, Alice had married Preston Dubach who also lived at Wathena, Kansas. Lina lived in a home there until she became terminally ill and upon her request returned back home to the farm at rural Burns. Her death occurred at Halstead, Kansas in 1933. She is fondly remembered by family members.

Both Robert and Lina are buried in the family lot at the Ebenezer Cemetery, rural Burns, Kansas.

*Lina's home in Burns was the second house on the west side of the street in the block south of the post office corner.

When the Gfeller Clan meets every first Sunday in May at Junction City, Kansas, there is a worship service, a bountiful basket dinner followed by an afternoon of visiting. Favorite hymns sung throughout the years have been Faith Of Our Fathers, God Be With You, I Would Be True, Count Your Blessings and Blest Be The Tie.

In recent years we always sing God Be With You. The words in the second verse and chorus were written by a family member and expresses The Clans' faith in their Maker. Peter Gfeller left us a priceless legacy in music and song.

"God Be With You"

God be with you till we meet again
By His counsels guide, uphold you,
With His sheep securely fold you
God be with you till we meet again.

Till we meet, till we meet,
Till we meet at Jesus' feet;
Till we meet, till we meet,
God be with you till we meet again.

God be with this strong Gfeller Clan,
May His love and care protect us,
Let His Holy Word sustain us,
God be with us till we meet again.

Till we meet, till we meet,
Till we meet with memories so sweet,
Till we meet, till we meet,
God be with us till we meet again.

Family, please keep us informed of changes in our Branch 11-----
Robert and Lina Gfeller.

T. Wilhelm Gfeller was born in 1857 in Iowa. He was the 12th child of Peter and Anna Maria Moser Gfeller. According to P. H. Gfeller's Autobiography, P. H. and Will did not go to Kansas when Fred, Gottfried, Gottlieb, Adolph and Robert did, Will & P. H. came later, and when they did, they were met by brother-in-law Fuegy and then dumped off at Gottlieb's home, where brother Robert was still staying. He describes the old stone house as consisting of one main room downstairs, and an upstairs or loft where the three brothers slept. (Robert, P. H. & Will) Will married Clara Alleman Gfeller and they were the parents of six children, all of whom are now deceased. The family or Will at some time moved back to Iowa, the family is mostly from Iowa. Alleman was the first home. Erwin was very faithful about bringing his Dad, Walter to the Gfeller Reunions (all the way from Iowa). They are both deceased. They are badly missed at the annual Gfeller Reunions.

(End of #12 T. Wilhelm (Will) & Clara Alleman Gfeller's Fam.)

Peter Herman (P. H.) Gfeller was the 13th child of Peter and Anna Maria Gfeller. He was born in 1859 in Iowa and grew up on the farm there. He and his brother Will came to Kansas after the older brothers did and he and Will were both dumped after having been met by brother-in-law Fuegy at Gottlieb's house which consisted only of a stone building, one room main floor with a loft above for the young men to sleep in, and share one large bed. He courted Rosa Lehman by mail who lived in Palmer, Iowa, and they were married Nov. 11, 1880. He had a quarter section which Peter turned over to him, the N.W. quarter of section 27-11-4, Fragrant Hill Township, Dickinson Co., Ks., right across the road from the large church, then Evangelical United Brethren, and now Alida United Methodist, which is now our Alida-Upland Cooperative Parish Church. They were the parents of 10 children. Several interesting articles were written by P.H., including his autobiography, and needless to say, he had literary talent, and a way with words, all articles read have been very interesting. Peter's mother Anna Maria Moser Gfeller lived with them in her declining years. P.H. died in 1948. He took a very active part in the Gfeller reunions and wrote many articles for them. From reading some of his things, one would surmise that he was also quite a philosopher. Thanks to Mrs. Elmer Gfeller (Martha) for lending material.
